- Sanitary disposal station
- Scenic viewpoint/overlook
- Showers
- Swimming
- Waterfall

Park Area = 8,101 acres  
Highest Elevation - 3,000 feet  
Lowest Elevation - 1,600 feet

GRAPHIC SCALE IN  
THOUSANDS OF FEET

# TRAIL DESCRIPTIONS | HOLLY RIVER STATE PARK

## HIGH ROCK TRAIL | | 1.5 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

Starting from the footbridge below Cabin No. 9, this trail begins a steep climb around a mountain, leading to a high tabletop rock on the ridge summit. The ridge is dominated by mountain laurel, flame azaleas and oak trees. The trail follows the ridge and descends to the mouth of Big Run and ends at the campground entrance.

## LAUREL FORK TRAIL | | 0.4 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

Located on the island between the Activity Building and the Carpenter Pavilion, this trail is asphalt paved and follows the perimeter of the island as it is encircled by Laurel Fork. This trail meets ADA standards and includes four rest stations, two shelters, three water fountains, and 10 historical markers with braille signs depicting the history of the park.

## NATURE'S ROCK GARDEN TRAIL | | 0.4 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

Beginning at the cabin area parking lot, this self-guided interpretive loop combines easy walking with a great variety of plant life. Interpretive booklets are available at the information kiosk.

## OAK RIDGE TRAIL | | 2.5 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

Starting from the lower end of the campground, this trail ascends a mountain, then twists along Oak Ridge and intersects the Tramontane Trail. This trail features an overlook with a view of the park's main recreational area.

## POTATO KNOB TRAIL | | 7.5 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

Branching off from Wilderness Trail, this trail follows a ridge to Ridge Road. It joins the road for a half mile and then descends the mountain through a grove of exceptionally large trees. A short side trail on the Ridge Road offers a view of Tenskwatawa Falls. Crossing Fall Run Road, the trail circles around the southern side of Potato Knob to The Chute. From here it is a steep ascent to the summit of Potato Knob.

## RAILROAD GRADE TRAIL | | 10 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

This trail begins where Wilderness Trail crosses Crooked Fork. As the name implies, this trail travels an old railroad grade. In one area, this trail winds through some interesting rock formations.

## REVERIE TRAIL | | 3.5 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

Originating at the campground entrance, the trail parallels Big Run to Dreamer's Meadow, scales a mountain and passes under Tecumseh Falls, guiding hikers to a primitive camping site. Turning southeast, the trail descends the mountain to Pickens Road. From here, hikers can turn right on the road and walk back 1 mile to the starting point or cross the road to the stream and turn right on Wilderness Trail to the cabins.

## RIDGE ROAD TRAIL | | 6.1 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

This trail is best for bicycling, day hiking and possibly cross-country skiing and horseback riding. It begins at Laurel Fork near the Jacob Klee Road and follows a jeep service road up the hill for about a mile to the old fire tower. It then follows the ridge to descend just behind the assistant superintendent's residence at the lower end of the campground. Horseback riding is allowed on this trail.

## ROCK CAMP TRAIL | | 5 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

This trail is best for hiking and horseback riding. The Rock Camp Trail follows an old road throughout the park.

## SALT LICK TRAIL | | 0.75 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

Beginning with a slight climb from Cabin No. 9, this trail winds around the mountain through a young forested area and leads to some of the oldest and largest trees in the park. The trail descends to the island in the picnic area and ends at the campground.

## ICON KEY:

 = Hiking

 = Mountain Bike Riding

 = Cross Country Skiing

 = Horseback Riding

## TRAMONTANE TRAIL | | 2.5 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

Beginning at Cabin No. 9, this trail winds through a large forested area and out into the fields of an old homestead. From this point, the trail takes hikers to a high ridge overlooking the upper valley and headwaters to the left fork of Holly River. At approximately 2.3 miles, look for Mystic Falls, the hidden waterfall of Holly River State Park. The trail then descends into a dry run and on to its ending point at the picnic area.

## WILDERNESS TRAIL | | 4.5 MI ONE WAY

### TRAIL RATING | NOT A LOOP TRAIL

Ascending the mountain through high country glens across Crooked Fork into a remote area of the park, the trail guides hikers from Cabin No. 9 to the former site of the fire tower. Backtracking is necessary to reach the original trail. Returning to and heading down Crooked Fork, the trail joins Laurel Fork and continues downstream, ending at Cabin No. 1.

## TRAIL RATINGS

### EASIEST

Smooth graded trial with improved surfaces, few obstacles and gentle grades.

### INTERMEDIATE

Challenging trail with steep slopes, varying obstacles, rocks, significant grades and narrow tread.

### EASIER

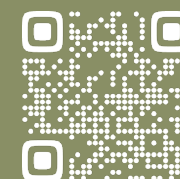

Gentle off road trail with typical obstacles including gravel, loose rocks, sticks, bridges, narrow tread and trees.

### EXPERT

Steep grades, loose surfaces, natural and man made obstacles, elevated features, berms, jumps, very narrow tread.
