Saturday 12/13 (12p-2p): “Nothing was spared...” Winter is traditionally a time for ghostly tales! Volunteer Matt has a tale waiting for you in the Nature Center, that his ancestors would have heard when they arrived in Jamestown, VA in 1622! During the Winter of 1609-1610, a combination of disasters resulted in a survival story so extreme that for centuries, people believed it was just an urban legend. But in 2012, the discovery of unusual remains proved that the colonists truly had, in George Percy’s words, resorted to “those things that seem incredible.” Would *you* be able to survive a frontier winter?

Sunday 12/14 (12p-3p): Knit in Nature! Bring your latest craft project and join Naturalist Jess in the Nature Center!

Wednesday 12/17 & Thursday 12/18 (All Day): Ask A Naturalist! Come by the Forest Office and Nature Center and see Naturalist Jess to get your questions about the forest answered!
