

TWIN FALLS RESORT STATE PARK

Hello and welcome! I'm your naturalist Tammy, and my team is excited to share this time with you exploring the natural world around us. Whether we're following a forest trail, listening for birdsongs, or learning the quiet stories written in the track, leaves, and streams, our goal is to help you slow down and see nature with fresh eyes. Every walk, talk, or program is an invitation to connect more deeply with the land and the wildlife that call it home. These programs are designed for curiosity of all ages – no experience required, just a willingness to observe and wonder. Together we'll learn how plants, trees, animals and people are all woven into the same landscape, and how small details can tell big stories. We are glad you're here, and we hope your time at Twin Falls leaves you inspired, relaxed and a little more connected to the natural world.
